Michael Landrum, DO
15 Palmerston Street
Hamilton
New Zealand

Dear Dr. Landrum:

Congratulations on becoming the first osteopathic physician to be permanently licensed by the Medical Council of New Zealand (MCNZ). This is a great step, both for you and for the osteopathic medical profession as a whole.

Since you have moved to New Zealand the AOA has been in contact with the Medical Council, who has notified us that US-trained DOs will now be considered for licensure on a case-by-case basis. Our members will be very excited about this prospect, as several have expressed interest in licensure in New Zealand.

Again, I would like to congratulate you and I trust that your new experiences will bring all that you hoped for.

Sincerely,

George Thomas, DO
President
